Monroeville Public Safety Training Center

2465 Johnston Road, Monroeville, PA, 15146

Marc Tobias is an Investigative Attorney and physical security specialist. For the past forty years he has worked investigations, both criminal and civil, for government agencies and private corporate clients. He also consults with many of the major lock manufacturers in the world and runs a security team that analyzes locks, safes, and security systems and determines how to compromise these locks in seconds, then works with their design engineers to remedy the vulnerabilities.
